The allure of the Land of the Hornbill can be narrowed down to five quintessential ingredients that form the delicacy that is Sarawak; Culture, Adventure, Nature, Food & Festival (CANFF)

Sarawak has over 27 ethnic groups, all with their own distinct language, art, traditions and culture, living in harmony within the 48,050 square miles that make Sarawak.

This creates a spectrum of traditional heritage that can rarely be found in our modern day, with arts, music and craft from each race standing side by side in individual unison, a harmonious symphony as opposed to a melting pot.
